

DELAWARE
ARTISTS
GUILD

Richard Clem equally enjoys plein air painting and studio painting. He says that he paints to celebrate life. He's spent a lifetime observing nature and the way light and atmosphere affect the landscape and objects. He works to translate his love of nature to each viewer: transforming their perceptions. He wants the viewer to see and feel the emotion that went into every stroke. The viewers are as much a part of the composition and colors that he chooses.

Richard received his degree from Art Institute of Pittsburgh after which he pursued a career in advertising and advertising art. He currently lives in Gahanna. Richard continued developing his appreciation of fine art through reading and traveling to local and national exhibits. After vacationing in Northern New Mexico, Southern France, Paris and Monet's Giverny, he was inspired to put his brush to paint and he has developed an impressionist expressive style. His paintings allow colors to show through along broken strokes of impasto. Often choosing to paint landscapes, he strives to create harmony with colors inspired by nature's hues.

Our November meeting is Monday, Nov. 26 at 7:00 at the Delaware County Library. Please join us.

OPPORTUNITY TO EXHIBIT

Brooklyn Heights Bar and Grill, opening in Delaware, OH, is looking to partner with local artists to develop interest and exposure! We have selected a fairly large area in our dining room for use as a frequently rotating exhibit space. As a local small business, one of our missions has been - and will continue to be - engaging our community and striving to find ways to 'give back.'

If the opportunity to promote yourself and your work interests you, please contact Mike Lash (2010 Otterbein graduate) via email at mikelash87@gmail.com or (740) 362-2424.

DAG December Holiday Party!

Who: DAG members, spouses and guests
